# Reading Comprehension

Read the text and answer the questions.

## Bill Gates

Bill Gates is a remarkable person who helped create the technology we use today. Born in 1955, he co-founded Microsoft, a company that makes computer software. Have you ever used a computer or played a video game? Well, Bill Gates played a big part in making those things possible!

Gates is not just a computer whiz; he's also a big fan of reading. He believes that books are a great way to learn new things. In fact, he reads a lot of books every year!

Besides being a tech genius, Gates is also a philanthropist. That means he uses his money to help others. He and his wife, Melinda, have donated billions of dollars to improve education, health, and living conditions around the world.

1. Who is Bill Gates?
